

The Town of Boone is in support of the comments filed by the Alliance of Local Organizations Against Preemption (The Alliance). Like the Alliance, the Town of Boone believes that: 1) local communities should be able to require cable operators to obtain additional authorizations to use and occupy public rights of way to provide cable services, and to enforce existing authorizations that have been granted for the service; 2) should be able to obtain fair and reasonable compensaiton for use and occupancy of the public rights of way to provide non-cable services; and 3) should be able to regulate cable companies in their provision of non-cable services, as provided under the Cable Act.
